**WHEREAS** under Ontario Regulation 391/21: Blue Box producers are fully accountable and financially responsible for their products and packaging once they reach their end-of- life and are disposed of, for ‘eligible’ sources only;

**AND WHEREAS** ‘ineligible’ sources which producers are not responsible for include businesses, places of worship, daycares, campgrounds, public-facing and internal areas of municipal-owned buildings, commercial farms and not-for-profit organizations, such as shelters and food banks;

**AND WHEREAS** should a municipality continue to provide services to the ‘ineligible’ sources, the municipality will be required to oversee the collection, transportation, and processing of the recycling, assuming 100% of the costs;

**AND BE IT RESOLVED THAT** the Council of the Municipality of Killarney support Resolution 2024-48 passed by Loyalist Township on March 12<sup>th</sup>, 2024 requesting that the Province amend Ontario Regulation 391/21: Blue Box so that producers are responsible for the end-of-life management of recycling products from all sources;

**WHEREAS** the Municipality of Killarney acknowledges the letter received from Tim and Janice Roque dated March 25<sup>th</sup>, 2024 requesting permission to connect to the municipal water system;

**AND WHEREAS** due to the fact that property roll #5136 000 001 08201 0000:

- was determined by Council not to be in the water service area in 2005 (*upon receiving a reconsideration request submitted by the property owners*) at the time the new water filtration plant was under construction; and
- whereby the capital water charge relating to this property was waived by the Municipality; and

- due to the extensive number of unknown issues associated with this proposed connection (*such as interference with existing underground services, crossing private property, underground hydro services, the substantial work and expense involved to open up the road allowance due to the topography of the area which would require blasting and excavation where the municipal roadway would have to be established etc. due to bedrock outcroppings*); and
- possible future issues with freezing, line breaks; and
- understanding that all water expenses relating to this connection which are the responsibility of the municipality, current and future repairs/maintenance would be borne 100% by the water users exclusively as water expenses cannot be spread over the entire tax base; and
- whereby the requests to connect to municipal infrastructure were denied by previous Councils; and
- as the property owners have the option of obtaining water from a well or from the bay;

**THEREFORE BE IT RESOLVED THAT** it is hereby the decision of Council that this request to connect to the municipal water system is hereby denied and this will be the final time the Municipality will entertain any future requests for this property to be connected to the municipal water system as there are simply too many variables.
